TAM MANAGED PORTFOLIO SERVICE

Active Cautious 40 GBP

MONTHLY FACTSHEET | 30 JUNE 2026

INVESTMENT OBJECTIVE

This portfolio comprises a wide range of diversified investment vehicles including unit trusts, mutual funds and exchange traded funds (ETFs), whose managers aim to outperform their respective markets. Active Cautious 40 seeks to generate modest capital growth higher than bond based returns over the short to medium term (3 to 5 years or more), by employing a more cautious investment strategy than Active Balanced.

STRATEGIC BENCHMARK

40% Global Equity
60% Global Bond

Past performance is not a reliable indicator of future results. The value of investments and any income from them may fall as well as rise, and investors may receive back less than they invested. This document is for general information only and does not constitute investment, legal or tax advice. Portfolio information may change without notice.
